

PIGMENT INKS

Thicker texture, longer drying time, water and fade resistant, acid free (*Color Box*).

EMBOSSING INKS

Sticky and thick in texture, usually clear, but can come in colors, used for watermarks and heat embossing (*Versamark*)

DYE INKS

Water based, dries quickly, acid free, crisp image, perfect for stamping (*CTMH*)

ALCOHOL INKS

Permanent and fast drying, can be used on glass and metal (*Adriondack*)

SOLVENT INKS

Permanent, fast drying, acid free (*Staz-On*)

DISTRESS INKS

Reactive with water, water based, vintage faded look (*Ranger Ink*)

CHALK INKS

Fast drying, faded look, water resistant (*Color Box Cat's Eyes*)
